2024 SUMMARY

10 Municipalities Submitted Letters of Intent

- 5 Design & Permitting, 5 Construction
 - 3 were ineligible or withdrew

Initial Applications Requesting \$1,313,509.14

- 2 Construction applications changed to Design & Permitting
- Recommended for Funding - 4 Design & 3 Construction Applicants

Review Process

- Pre-Application Meetings held with all applicants either on-site or virtually.
- Consulting Engineers participated in all aspects of the grant cycle.
- Initial Applications were submitted by July 31st
- Technical Reviews were completed by the Consulting Engineers
- Technical review meetings were held with each applicant
- All applicants had the opportunity to revise material and submit their final applications by September 4th.

Program Changes

- Adjusted timeline allows earlier awards and Grant Agreements to be executed on January 1, rather than March.
- Acceleration allows the awardees to start the bidding process during the winter months.
- Refining trail miles by using field and GPS measurements versus award miles.
